COMMENTS FROM THE TOWN MANAGER'S OFFICE

The assessors have completed the assessment work for this year and the job of totaling the books has begun. It will take two or three days to total the books and in the process of adding the book a few pages will be found that are not complete. These loose ends should be tied up by the first of the week and then the rate for 1965 can be set.

The tax rate for this year should remain the same as it was last year. The amount that was raised by taxation at town meeting is very nearly the same as was raised by taxation at town meeting last year. The county tax went up some this year but not enough to increase the town tax rate.

I don't look for the town valuation to increase much this year because there hasn't been very much new construction. There is some increase that will be added by the completion of construction that was not complete on April 1, 1964.

The tax bills this year will be out about three months earlier than last year. The tax lien notices on last year's taxes were just mailed out and the notices are mailed about eight months after the commitment of taxes. The tax liens on 1964 real estate will be filed on Monday, July 26, 1965. A lien will be put on any real estate that has outstanding 1964 taxes. I am afraid that the number of tax liens will be as large this year as it was last year.

Michael Houlihan

Greg Donahue of Mexico is spending this week with his father, Errol Donahue.

Mr. and Mrs. Irving Brown, Kathleen, Carol and Robert, attended the Congregational Club picnic at Mr. and Mrs. Carl Milligan's in Oxford on Sunday.

Paul Farrar, 8-year-old son of Mr. and Mrs. Charles Farrar, is a patient at the Bethel Community Hospital where he was taken Tuesday afternoon after receiving a slight fracture in a fall from his bicycle. It is reported that he will return home Sunday night where he will be confined several weeks.

WHY MOLLYCKETT?

For the past sixteen years a charity bazaar has been held in Bethel. In 1957 the Bethel Health and Service Council was formed and assumed the responsibilities of the bazaar. In 1960 the Bazaar became Mollyckett Day. Although we all know the day to be a festive and social one, often we do not realize that it is the only means the Health and Service Council has to earn money it needs to carry out its program.

The proceeds from last year's Mollyckett Day made it possible for the Health Council to do the following: make and deliver Holiday Baskets of food and clothing, have a dental program in the school, pay for dental care, pay for eye care, run a polio clinic, test children for diabetes, send children to camp, run a clothing barn, and provide transportation to clinics and doctors. There is equipment, such as wheel chairs and crutches, which the Council keeps in repair and is ready to loan. Although this list is not complete, you can imagine the number of people who have been helped with either health care or assistance in time of need. Many, many families in this area have profited by the work of the Health Council—remember this when you are asked to do something when you make Mollyckett Day a success. This year let us all enjoy a bazaar that each of us has contributed to, and also remember the real importance of the day.

Plans for the sixteenth annual Mollyckett Day are underway with Mr. and Mrs. Laurence Bailey as chairman. Bethel's bazaar honoring Mollyckett, the Indian nurse who traveled through on her trips from Paris Hill to Andover, also commemorates the last Indian raid on Bethel Village, 184 years ago. The celebration will be held Saturday, July 24, on the common. The plans indicate a day packed with fun for everyone.

Plans for the children in being planned by Mrs. Ronald Lipman, who is in charge of the field events beginning at 9 a. m. Mary Schell, who is preparing the Pot Luck for 2:30, and the many people who are working to make the Papoose Reservation games more fun than ever.

Joe Willard, chairman of the parade, hopes to see more and better floats than ever and more children to participate. Willard is the Twentieth Century in the theme. Contact Mr. Willard about your plans. Mrs. E. J. Webster and Mrs. Warren Hastings will hold the Pot Luck in the Main Arm of the Church. Those ladies who are interested in handicrafts themselves, would like to display their hand work. Entries from children are encouraged.

Making arrangements for the afternoon Mr. and Mrs. Michael Stevens please contact them if you have an article to be displayed.

Many organizations are making plans for their booths. The fair tickets have been mailed, and the General and Women's Fellowship will be served from 5:30 to 6:30.

Don't forget to check all of tickets and when the evening the show starts at 7:30, the show will be held in the Main Arm.

S. A. D. APPROVED AT WEDNESDAY MEETINGS

Bethel voters overwhelmingly approved the three articles concerning the formation of a School Administrative District by the towns of Andover, Bethel, Greenwood, Newry and Woodstock at the polls on Wednesday.

To see if the municipality will join such a district. Yes 237, No 5.

Article 3. Approval of allocation of District representatives. Yes 214, No 5.

Article 4. Vote to assume responsibility for amortizing school indebtedness. Yes 216, No 6.

In the voting for Bethel's six members of the District's Board of Directors the following received the support of local citizens and were elected: Theodore Chubbourn, 187 votes; Phyllis Dock, 201; Albert J. Fiske, 187; Roland Glines, 189; Dexter Stowell, 213; John W. Tibbets, 189.

Votes received by the unsuccessful candidates were: Alvin T. Hart, 61; Eugene Buswell, 58; John T. Hudson, 100; Harold E. Roffe, 75.

Andover's count was 141 in favor and 45 opposed. In Greenwood 63 votes favored the district and 17 were against. The count at Woodstock was 121 to 18 and in Newry 28 to 8.

The vote in Newry for approving the apportionment of Directors was. Yes 28, No 2; in Woodstock, Yes 111, No 8; For assigning debt in Newry, Yes 22, No 3; in Woodstock, Yes 99, No 17.

Andover elected three directors: Stephen E. Hall, 139; Harvey McGuire, 119; and Rod Erick Scholinger, 104. Others seeking election were Violet Swan, Louis Hill, Claude Blanchard Sr., Thomas Palmistier and Joyce Morgan.

Richard Melville, Lester Bell and Mahlon Packard were named to represent Greenwood on the District Directors.

Voters at Woodstock elected James Farrar, Alta H. Waterhouse and Milton Mills.

Newry's directors will be Paul W. Wright and Robert T. Davis.

Andover residents also held a meeting at which it was voted to transfer the small-town grammar school building fund of \$15,000 plus interest into the general revenue surplus, said fund money to be held in such general surplus until the town votes at some future town meeting to apply it to some appropriate plan for their school.

SKY DIVER JUMPS AT BETHEL AIR PARK

Tuesday evening at Bethel Air Park a small crowd witnessed an exhibition of sky-diving by Joe Richards, who has over 75 jumps to his credit.

Going aloft in a two-place Taylorcraft piloted by Harold Cluke, proprietor of Bosserman's Pharmacy, at 7:55, Mr. Richards left the aircraft at about 8:20 at an altitude of 5500 feet.

After a free-fall of approximately 20 seconds duration the sky-diver opened his parachute at about 2400 feet. After his

LETTER TO THE EDITOR

July 12, 1965
 To the Editor of the Bethel
 Citizen:

Dear Sir:

Each of the summers that
 we have spent in Bethel has
 been punctuated by a change
 that has been significant to the
 town. The new buildings, roads,
 bridges and improved utility
 services are only a few of the
 signs of community growth. In
 addition to the objective change-
 es, there have been subjective
 ones, particularly in the field
 of education. School news of
 the Bethel area continues to ab-
 sorb an increasingly large share
 of the columns of your news-
 paper. The experience has been
 the same in the metropolitan
 press throughout the Nation.

Accordingly it was no
 surprise to discover that the
 decision to turn over the phys-
 ical plant of Gould Academy
 to the University of Maine pro-
 duced a telling effect on the in-
 habitants of Bethel. Everybody
 is of course familiar with the
 letters from Gould Alumni and
 Alumni that fully discussed
 the change-over in your paper
 in recent months. Most of the
 letters merely expressed new-
 found respect over the impos-
 ing disappearance of this out-
 standing secondary school from
 the Bethel scene. Now the citi-
 zens of the area are pre-oc-
 cupied with the formation of a
 new Bethel Administrative Dis-
 trict and the erection of a new
 high school. All of this activity
 is quite normal and obviously
 rates the highest priority in
 community planning and think-
 ing. I am certain that the new
 high school will soon achieve
 high rank among Maine's sec-
 ondary schools.

However, nobody to my knowl-
 edge has expressed an opin-
 ion or offered a plan for the
 solution of an obviously pres-
 suring problem that confronts the
 town of Bethel. The University
 of Maine has announced over-
 sight in your newspaper that
 it will be ready to establish its
 branch at Bethel on September
 1, 1967. Will Bethel be ready
 for the University of Maine?

The new college campus will be
 gradually contiguous to the
 Main Street of the town. Fifty
 or sixty new faculty families
 are apt to descend on the town
 on very short notice, where will
 they live? The new breed of
 college student quite frequ-
 ently brings his wife and children
 with him while he is pursuing
 his studies. There are several
 parents in town whose children
 fall into that category. They
 have first hand familiarity with
 the housing problem. There is
 no telling how many of the stu-
 dent body will bring families
 with them. Where will they find
 suitable living quarters? Peo-
 ple can't go to their summer
 homes in January as they do
 in July for the NTH. This town
 ever is only one of the many
 places that will soon become the
 scene of a college town.

The overall financial prob-
 lem will find no place in town where they can
 purchase a shirt, a pair of
 trousers or a pair of under-
 wear. They will find only one

place to find the shoe-

and one services and prod-

ucts to which the average Amer-

ican has become accustomed?

Where in Bethel does one get a
 pair of shoes shined or mended,
 a shirt laundered, a suit or
 dress cleaned or pressed, a clock
 or watch repaired etc., etc., etc.

These and similar services will
 be in constant demand. Shall
 we send them to Portland, Lew-
 iston, Bangor, or perchance
 Boston? What about the stu-
 dent who has no car. Is he
 doomed to a life of no socks?

He can't buy a pair in Bethel.

All of this is merely a small
 part of the full story. The Uni-
 versity of Maine is indeed ready
 for Bethel. Is Bethel ready for
 the University of Maine?

Sincerely yours,

HISTORICAL SKETCH
OF WOODSTOCK, MAINE

by Ralph Bacon

(Continued)

For ten years after the first
 settlers came there was no vil-
 lage. The settlers had to make
 the long journey to the nearest
 stores on Paris Hill. In 1808
 Rowse Disbee built the first
 mill, a grist mill. It was locat-
 ed on Black Brook just below
 where the brook was crossed by
 the county road. This was the
 beginning of our first village,
 which was to play an impor-
 tant part in the early history
 of our town. Four years after
 the building of the mill the
 population had increased to the
 extent that it became necessary
 to organize the township into a
 plantation and to assess the
 first taxes. This was in 1812.

Three years later, with a fur-
 ther increase in population, the
 citizens decided it was time to
 get incorporated as a town. At
 that time Maine was a part of
 Massachusetts. As in other sec-
 tions of Maine, the citizens of
 Plantation No. 3 wanted an out-
 standing name for the new
 town. Home and Athens had
 already been incorporated, so
 the citizens petitioned the Gen-
 eral Court of Massachusetts to
 have Plantation No. 3 incorpo-
 rated as a town by the name
 of Sparta. Evidently the anthi-
 onies in Boston did not like
 this name, for when the papers
 came back our plantation had
 been incorporated as the Town
 of Woodstock. This name was
 satisfactory to the citizens at
 that time, and today, 150 years
 later, it is still satisfactory.

Some years ago your historian
 was privileged to travel from
 London through Oxfordshire to
 Stratford-on-Avon. The route
 went through old Woodstock. I
 am so glad the authorities in
 Stratford named our own Wood-
 stock for this beautiful old Eng-
 lish town.

There may have been occa-
 sional meetings of the settlers
 in the early days of No.
 3, but when it was incorpo-
 rated as a plantation it be-
 came necessary for the citizens
 to meet to elect officers and to
 transact business. Some of the
 earliest meetings were held at
 the homes of the settlers. We
 understand that the first and
 several other town meetings
 were held at the farm now
 owned by Dana Dudley and his
 son. Later town meetings were
 held at the Chase School House.
 In 1848 a town house was built
 between the north and south
 villages. This was used for over
 twenty years. In 1872 the pre-
 sent building on Main Street
 was erected. This was used un-
 til women became voters and
 larger quarters were necessary.
 After this, Dudley Opera House
 was used until it burned. Since
 the High School gymnasium was
 built, it has been used for the
 annual town meetings, while
 smaller meetings continue to be
 held at the town hall on Main
 Street.

 Little Androscoggin River in

Woodstock, being located
 near the height of land in this
 area, has no large rivers or
 streams and hence but very lit-
 tle water power. Black Brook,
 perhaps the largest stream,
 flows from its source on Spruce
 Mountain down through the val-
 ley, crossing under State Aid
 Road No. 1 and on into the
 Little Androscoggin River in

Above photo shows progress
 being made at the chicken house,
 owned by Reginald and Oakley
 Godwin in Mayville. The struc-
 ture, measuring 40 by 250 feet,
 will be three stories high with
 a capacity of 30,000 broilers. It
 will replace a structure des-
 troyed by fire last December.

Greenwood. Near the Harris
 Hathaway place the state aid
 road follows the general course
 of the old county road into
 Greenwood. In the early days
 the brook was larger than it is
 today and this no doubt led
 Rowse Disbee to build the first
 mill just below the point where
 the county road crossed the
 stream. It was the good fortune
 of your historian to be born in
 the Capt. Samuel Stephens
 house, the only house in the old
 village now in existence. My
 grandfather, Abel Bacon, had
 bought the place years before,
 and he could remember the old
 village well because he had liv-
 ed as a boy just over the line
 in Greenwood and made fre-
 quent trips to the village stores.
 There were two stores here, a
 hotel and livery stable, a black-
 smith shop, a pottery, and a
 brickyard. Later a second mill
 was built some distance down
 stream from the Rowse Disbee
 mill. Folks used to come to the
 old village on Saturday to trade
 at the stores and have a social
 time with their neighbors. They
 often had foot races, horse ra-
 ces, and games. My grandfather
 could remember a circus which
 was once held on the knoll just
 south of the Stephens place.

FIREWORKS LAW from One

wording of this amendment was such that Class C fireworks described by the Interstate Commerce Commission (ICC) could be offered for sale from June 20 to July 5 for use on July 4. The ICC bears

the responsibility of establishing safe transportation regulations for handling hazardous materials in interstate shipments. To accomplish this task, ICC has divided commercial explosives into four classes, those explosives too dangerous to ship, Class A explosives, Class B explosives, and Class C explosives.

The various classes of permitted explosives are further broken into subdivisions for identification and classification purposes. Fireworks are broken into three groups: fireworks to hazardous to ship, special fireworks (Class B explosives), and common fireworks (Class C explosives).

Typical of the "Common Fireworks" included for the special shipping precautions of the ICC Class C explosives are: Roman candles, not exceeding 16 balls spaced uniformly in the tube, total pyrotechnic composition not to exceed 20 grams each in weight;

Skyrockets with sticks, total pyrotechnic composition not to exceed 20 grams in weight;

Cone fountains, total pyrotechnic composition not to exceed 50 grams in weight;

Wheels, total pyrotechnic composition not to exceed 210 grams for each complete wheel;

Sparklers and dipped sticks, total pyrotechnic composition not to exceed 100 grams each in weight;

Firecrackers and salutes with caps, the external dimensions of which do not exceed 1 1/2 inches in length or 1/4 inch in diameter;

Helicopter-type rockets, total pyrotechnic composition not to exceed 20 grams in weight

It is difficult to understand why the ICC shipping regulations for Class C explosives should be accepted to define devices suitable for use in the hands of

HATHAWAY THANKS PRESIDENT FOR BACKING SOCIALIZED POWER

Congressman William D. Hathaway of Maine sent letters on Tuesday to President Lyndon B. Johnson and Interior Secretary Stewart L. Udall expressing the appreciation of Maine citizens for the announced recommendation of the President for immediate authorization of the Dickey-Lincoln School Power Project on the upper St. John River.

In his letter to the President, Congressman Hathaway said, "Your announcement today, heralding a brighter, more prosperous future for the people of Maine, is cause for great joy."

Expressing the appreciation of Maine's citizens Hathaway said, "The people of Maine, who last September extended to you their confidence and support in unprecedented measure now extend, in equal measure, their appreciation and respect."

In his letter to Secretary Udall, Hathaway again expressed the thanks of Maine people saying, "Through many trying years you have championed our cause and led us to this hopeful day."

Hathaway, who had worked closely with Udall on development of Maine's water resources, added a personal word of thanks for "Your cheerful and willing cooperation on the many occasions when I have sought to discuss with you the project which today has taken a giant step forward."

President Johnson has also recommended further study of the engineering and economic feasibility of the Passamaquoddy Tidal Power Project and of a huge power distribution network which would link Maine, New England, New Brunswick and the Maritime Provinces of Canada.

"This is indeed a hopeful and exciting day for Maine," said

NOWLIN IN CARIBBEAN

Marine Private First Class Donald M. Nowlin, son of Mr. and Mrs. John M. Nowlin of Star Route, Bethel, has deployed to the Caribbean with Battalion Landing Team 2-6, as a member of Company "F".

While deployed, the unit will conduct several amphibious training exercises with ships and units of the U. S. Atlantic Fleet's Amphibious Force.

He will also visit several ports in the Caribbean.

Mr. and Mrs. Ronald Willard are attending summer school at the University of Maine after spending a week with Mr. and Mrs. Jay Willard.

Congressman Hathaway upon the release of the President's announcement, "Not only does it offer hope for immediate action but it keeps alive the hope for even greater development of Maine's water resources in the future. I feel this may well be the dawn of a bright new era for our state."

Acton, to obtain information concerning Clementine Perham who was married to Cyrus K. Grant of Acton on March 7, 1878.

He spent three nights at the home of Mr. and Mrs. John Westlund of Keene, N. H., parents of Doris Westlund who married Alfred Perham, formerly of West Paris, now living in Washington, D. C. Tuesday and Wednesday were spent visiting around Brattleboro, Vt., with the relatives of Mrs. William A. Wilson. Mrs. Wilson was born on High Street and will be remembered by many of the older folks as Myrtle Holden. She is now over 80 years of age, real spry on her feet, and has 24 grandchildren. On Tuesday, Mr. Perham visited at the homes of Mr. and Mrs. Guy Fletcher and Mr. and Mrs. Ray Rounds, and met Mr. and Mrs. Hugh Stowell, Mr. and Mrs. John Struthers, Mr. and Mrs. Lyle Bemis. On Wednesday, Mr. Perham visited in Newfane, Vt., in the region of the "old Wilson Homestead" at the homes of Mr. and Mrs. Merton Wilson and Mr. and Mrs. William Wilson. The same evening Mr. Perham had an enjoyable trip with the Westlunds out through Marlboro and the Jaffrey Region.

Thursday morning included a trip to Marlboro and the Whitehead's Monadnock Mineral Shop, after which Mr. Perham hiked up the "White Arrow Trail" to the peak of Mt. Monadnock in Jaffrey, N. H., to look over the country where many of his old relatives lived nearly 175 years ago and where many of the recent generation now live. This trip was followed by a good meal at the Monadnock Inn at Jaffrey Center, and a visit to the Jaffrey Library, and supper at the home of the Swensons in South Stoddard.

Mr. Perham spent Friday visiting relatives of Mr. and Mrs. Herman K. Grant (both deceased) of West Franklin, N. H. Mr. Grant was a grandson of the former Columbus Perham of Woodstock, Maine, and son of Cyrus K. Grant of Acton. He visited at the home of Mr. and Mrs. Leon Bedard, took a trip to the Franklin Cemetery with Mr. Bedard, and then spent a pleasant two hours with Mr. and Mrs. Richard Grant. Leaving West Franklin at 3:30 p. m. Mr. Perham celebrated the 4th of July by climbing to the summit of Mt. Washington via Tuckerman's Ravine four miles, and returning by way of the auto road six miles to the Jackson Trail two miles to the AMC Camps at Pinkham Notch.

Mrs. James E. Todd

TODD - PALMER

On Sunday, July 11, Miss Madeline Palmer, became the bride of James E. Todd in a ceremony performed at the First Universalist Church, West Paris. The Rev. Donald Hinkley, Auburn, performed the double ring ceremony. Miss Elaine Penley, West Paris, was the organist, and Mrs. Donald Hinkley, Auburn, was the soloist.

The church was decorated with potted palms and greenery, baskets of white gladioli, and candelabra.

The bride, escorted by her father, wore an empire waisted gown of silk organza and Venetian lace appliques on the front and on the chapel train. The three tier illusion veil fell from a silk organza rose petal headpiece. She carried a cascade bouquet of white roses, ivy, and baby's breath centered with a white orchid.

Mrs. Sandra Poland served as matron of honor. She was groomed in a floor-length sheath of cherry silk shantung, with elbow length sleeves and raised waist line. Her headpiece was a cherry crown of seed pearls and she carried a cascade bouquet of white roses with a touch of pink.

Miss Caroline Palmer, sister of the bride and Miss Patricia Todd, sister of the groom, wore gowns identical to the matron of honor's but of a mint green color. They carried cascade bouquets of pink roses with a touch of white. Mrs. William Jordan, Auburn, Mrs. John Todd, Hamford, Miss Jeannette Mann, West Paris, and Miss Linda Theodore, Manchester, N. H., served as bridesmaids. Their gowns were also identical to the matron's but shell pink.

The bride, daughter of Mr. and Mrs. Earle A. Palmer, Jr., is a graduate of West Paris High School and has received a degree in applied science from Westbrook Junior College, Portland. She is employed as a secretary at the Oxford Paper Company, Hamford.

The groom, son of Mr. and Mrs. Clarence Todd, is a graduate of West Paris High School and has served four years in the United States Air Force.

For her wedding trip Mrs. Todd chose a pink linen sheath dress with matching coat and white accessories and a white orchid corsage. The couple left on an undisclosed wedding trip and will be at home after July 18 at 431 Franklin Street, Hamford.

BOATMEN

Attention all boatmen!! If you use buoyant cushions on your boat, this message may save your life, the life of a loved one, or that of a guest on your boat. Heave to and take note: Several deaths in recent boating accidents have been caused by drowning due to the apparent improper use of buoyant cushions. The United States Coast Guard Auxiliary advises that there only is one proper way to use a buoyant cushion. To properly use a buoyant cushion place one leg and the opposite arm through the loops, with the cushion coming across your chest. A buoyant cushion should never be worn on the back of a person. For a safe season afloat make sure the people on your boat know how to properly use any lifesaving devices you may have aboard. And remember, to make sure your boat is properly and safely equipped, ask for and receive a courtesy examination by qualified examiner of its United States Coast Guard Auxiliary. Remember, safe boating is fun boating.
